

YCM TV-188 B — Loco Motive

Large-envelope CNC vertical mill for oversized workpieces, complex pocketing, and multi-face machining. 32" W × 70" L × 32" H workpiece envelope.

Loco Motive · large-envelope CNC vertical machining center

Loco Motive is where the oversized work lives — valve bodies, wellhead spool adapters, large manifold blocks, and any part that busts the 20-inch class of mills. YCM's TV-188 platform is a heavier, more rigid class of vertical machining center; the extra column and table mass matters when you're taking heavy roughing cuts in Inconel or hogging out a wellhead block.

Pick your industry

YCM TV-188 B for Oil & Gas

Full spec sheet, typical oil & gas parts, alloys, tolerance expectations, documentation approach.

YCM TV-188 B for Aerospace

Full spec sheet, typical aerospace parts, alloys, tolerance expectations, documentation approach.

YCM TV-188 B for Military & Defense

Full spec sheet, typical defense parts, alloys, tolerance expectations, documentation approach.

YCM TV-188 B for Industrial & General Manufacturing

Full spec sheet, typical industrial parts, alloys,

tolerance expectations, documentation approach.
